Abu Dhabi: Renewable energy company Masdar has signed a joint development agreement with Turkmenenergo State Power Corporation of the Ministry of Energy of Turkmenistan to develop a 100...

UAE-based Masdar and Turkmenistan's Turkmenenergo State Power Corporation entered a joint development agreement to build a 100-megawatt alternating current. In a statement, Masdar said the agreement marks its first project in Turkmenistan.

Masdar, one of the world's leading renewable energy companies, has signed a joint development agreement (JDA) with Turkmenenergo State Power Corporation of the Ministry of Energy of Turkmenistan (Turkmenenergo), to develop a 100 megawatt (MWac) solar photovoltaic (PV) plant, which will be the company's first project in Turkmenistan.

Masdar, one of the world's leading renewable energy companies, has signed a joint development agreement (JDA) with Turkmenenergo State Power Corporation of the Ministry of Energy of Turkmenistan, to develop a 100 megawatt (MW) solar photovoltaic (PV) plant, which will be the company's first project in Turkmenistan.

UAE-based energy firm Masdar has signed a joint development agreement (JDA) with Turkmenistan's state-owned power company Turkmenenergo to build a 100MWac solar photovoltaic (PV) plant. The JDA builds on a memorandum of understanding (MoU) signed last October between Masdar and the Turkmenistan government.
