

Abora solar Indonesia

Who is Abora solar?

Discover Abora Solar, the leading Spanish manufacturer of hybrid solar panels. Increase your energy efficiency and save on your bill.

What makes Abora solar panels different?

Abora has developed and manufactured the solar hybrid panel (PVT) with the most performance in the market. Abora is the manufacturer of the most efficient hybrid solar panel on the market. But what really makes the Abora panel different is that shorter amortization periods are achieved (between 4 and 6 years).

Why should you invest in Abora technology?

For this reason, Abora's technology aims to accelerate the transition towards changing the energy model by betting on a product that, because it is profitable, attracts the market. The Sustainable Development Goals are a call to action to end poverty, protect the planet and ensure peace and prosperity everywhere.

European PVT manufacturers are anticipating strong growth in demand and expanding their factories. In November 2023 Abora Solar from Spain inaugurated its extended factory in Zaragoza, which has a capacity [...]

Abora is a Spanish company formed by people with a large background experience in the field of solar energy, designing, developing and manufacturing of hybrid solar panels. Abora was created in 2017 by PhD. Alejandro del Amo, international expert on renewable energy.

R&D is the driving force behind Abora and we invest in it with the firm conviction that we are always at the forefront of solar technology. Often, our disruptive technology breaks into the market with the aim of meeting the energy needs of each customer to boost their business within a society that must be increasingly sustainable and circular.

Manufacturer of solar equipment intended to provide hybrid solar panels for optimizing energy usage. The company's solar panels utilize a technology to minimize thermal losses and maximize photovoltaic production, enabling homeowners and electric production businesses to buy and install hybrid solar panels, avoid fuel dependence, generate ...
