

Aiko solar company Cocos Keeling Islands

Who is Aiko solar?

AIKO is a world-leading new energy technology company that focuses on R&D and manufacturing of PV core products and integrated solutions for power generation, storage, usage, providing customers with solar cells, ABC (All Back Contact) modules and scenario-based solutions. Multi-application solutions to fulfill various solar energy demands.

How efficient are Aiko solar modules?

The solar installation in Shandong, China, showcasing AIKO's modules with 24.6% efficiency. Installation of AIKO's 24.6% efficiency modules at one of project sites in Shandong, China. AIKO Solar has officially started delivering its latest Comet 2U 665W modules, boasting an impressive efficiency of 24.6%.

Where are Aiko solar modules installed?

AIKO's 24.6% efficiency solar modules installed on a project in Tianjin, China. The solar installation in Shandong, China, showcasing AIKO's modules with 24.6% efficiency. Installation of AIKO's 24.6% efficiency modules at one of project sites in Shandong, China.

Where is Aiko solar located?

Relying on independent creation and innovation, Aiko solar gradually masters the world-leading core technology in the PV industry and has obtained lots of national patents. Guangdong Aiko Solar Energy Technology Co., Ltd. is located at No. 69 Area C Sanshui Industrial Park, Foshan City Guangdong Province.

What makes Aiko unique?

AIKO has established partnerships with leading suppliers, and all main equipment is tailor-made. AIKO integrates process/manufacturing tech with the industrial Internet, IoT, and AI, maintaining industry-leading output per capita.
