

Automated vertical storage Kyrgyzstan

What are vertical storage solutions?

Vertical storage solutions are the best way to make use of every inch of warehouse space you have. We don't mean building out, we mean building up. With products like Vertical Lift Modules and automated storage and retrieval systems (ASRS) from our partners at Modula, we are able to recover up to an incredible 90% of the currently used floor space.

What is a modular vertical storage solution?

Created to make the most of available vertical space and save floor space at the same time, Modula automated vertical storage solutions are suited to any type of product, in any industry sector or environment, and can be customised to various payloads, heights, sizes and options.

How much space can a vertical lift store?

Vertical lifts can free up to 90% of valuable floor space compared traditional warehouse storage, giving you that much more space to reallocate toward making more revenue. How much inventory can I store in a vertical lift module? Each of our vertical lift trays can store up to 2,200 lbs regardless of width and depth of the tray.

Why should you choose Modula automatic vertical storage solutions?

Modula automatic vertical storage solutions are designed to save space and time and improve process efficiency. The automatic vertical tray warehouses were designed according to the "goods-to-man" principle: there is no need for operators to move around the warehouse to pick or refill your goods.

How can vertical solutions save your warehouse floor space?

Vertical solutions can save up to 60% of your warehouse floor space and dramatically increase the pace of accessing and retrieving items from storage. Our specialists will be happy to develop a solution that meets your specific storage and intralogistics requirements. Contact us for more information and details.

What is a Modula automatic vertical tray warehouse?

Modula automatic vertical tray warehouses allow you to store goods in a clean, tidy, safe and fast-moving system, reducing the number of movements operators need to make and avoiding damage to your goods. Modula automatic vertical storage solutions are designed to save space and time and improve process efficiency.
