

Shell Overseas International B.V. (SOI B.V.), a wholly owned subsidiary of Shell plc (Shell), has completed the acquisition of Daystar Power Group (Daystar). As a provider of integrated solar power solutions, Daystar brings reliable energy to businesses in West Africa, helping customers reduce power costs and pollution.

Clients pay a monthly fee for power consumption with zero upfront costs. We use a combination of technologies, including solar power and battery storage, which can be integrated into a client's existing power setup, such as a diesel/gas generator or grid.

Charles Russell Speechlys has advised Daystar Power Group, a leading provider of hybrid solar power solutions to businesses in West Africa, on its recent acquisition by Shell. Shell will acquire Daystar Power, which is still subject to regulatory approvals, to deliver carbon emission reductions and power cost savings to commercial and ...

Shell Overseas International B.V. (SOI B.V.), a wholly owned subsidiary of Shell plc (Shell), has completed the acquisition of Daystar Power Group (Daystar). As a provider of ...

For any business, solar power, combined with battery storage, can significantly reduce energy costs. ? Daystar Power is committed to helping African businesses grow and develop by taking their power needs off their plate. In doing so, it aims to contribute to the clean and sustainable growth of African countries.

Daystar Power is a leading off-grid power service provider, offering hybrid solar energy solutions to commercial and industrial businesses in Africa. Daystar Power's solutions "Solar-as-a-Service" (100% solar power) and "Power-as-a-Service" (hybrid power solutions with battery storage) provide clean and reliable power while reducing ...
