

A partir de ese momento, BERKES no ha parado en su actividad europea de suministrar para la industria soluciones energéticas de calidad. Tiene una oficina en Madrid desde donde se gestionan los proyectos europeos como los desarrollados en Francia, Hungría, Rumanía y Turquía.

BWE is renowned for its expertise in complex biomass combustion and handling demanding steam parameters, which has enabled Berkes to penetrate new market segments and expand its portfolio to include larger, more technically advanced plants.

Berkes Energy. ABOUT US COMBUSTION SYSTEMS. WATER COOLED VIBRATING GRATE GASIFIER CYCLONIC COMBUSTION CHAMBER ... INDUSTRY ENGINEERING SERVICES CONTACT BERKES BWE PROJECTS. Tacurambó, Uruguay Client: Weyerhaeuser Application / Scope: Superheated steam Capacity: 90 tph, 80 barg @, 480 °C Electric power: 12 MWe ...

Berkes Energy. ABOUT US COMBUSTION SYSTEMS. WATER COOLED VIBRATING GRATE GASIFIER CYCLONIC COMBUSTION CHAMBER SOLUTIONS. EPC/EPCM GENERATION INDUSTRY ENGINEERING SERVICES CONTACT BERKES BWE PROJECTS. Villacastell, Spain Client: Siemens Application / Scope: Electric power generation to supply the network. ...

Desde 1939 Berkes viene construyendo una sólida experiencia en el campo de la Ingeniería. Actualmente cuenta con más de 1100 personas que conforman sus tres divisiones: Construcción, Industria y Energía.

One of the greatest assets of Berkes is it's people and it's multidisciplinary organisation. With more than 80 years developing projects on the international energy arena, Berkes has become a unique player globally in the field of construction and engineering.

The Berkes ENERGY area is characterized by the design, manufacture, supply and assembly of industrial and power boilers, in a wide range of aspects, being able to offer world-class technology for a large number of biomass fuels and waste.

Berkes has its own engineering team that provides clients with customised solutions in the use of different renewable energies to generate clean, abundant and commercially competitive energy. ACTIVITIES BASIC ENGINEERING. We seek to participate in projects from their conception, so we develop the basic engineering, which allows us to assess the ...

On Berkes, we are specialised and have a proven record in repair and maintenance of small and large scale boilers. By applying our rehabilitation and maintenance program, the lifetime of your boiler plant can be

extended to make sure that it always performs at its best and is adapted to modern environmental requirements.

A partir de ese momento, BERKES no ha parado en su actividad europea de suministrar para la industria soluciones energéticas de calidad. Tiene una oficina en Madrid desde donde se gestionan los proyectos ...

Berkes has extensive experience in power generation projects being able to use high steam parameters. Water-tube boilers concept design is supported by the license of corner tube boiler technology from the German company ERK Eckrohrkessel GmbH. ... The harnessed heat can be used to provide energy, saturated steam, superheated steam, thermal oil ...

Berkes Brazil is established (First overseas branch) 2006. Berkes Chile is established. 2008. Berkes Hispana SLU is established. 2009. Expansion of Berkes group with Electrical Division. 2011. Company reorganisation: Construction Industry energy. 2015. Joint Venture is established, Brazil. 2021. Acquisition of BWE, Denmark. 2022. Established as B& B
