

Bermuda solar energy near me

Who pays for solar energy in Bermuda?

The Bermuda Electric Light Company Ltd (Belco) has been ordered to pay for all solar energy put into its system by those with solar panels. Those who have been putting electricity into the energy grid without being reimbursed will receive backdated payments.

How much power do solar panels have in Bermuda?

The power of solar panels in Bermuda has increased from about 225 watts in 2012 to 330 watts today. Mr. Duffy estimates this is a 50% increase in power in the same footprint and a significant cost reduction.

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Where can I get electricity in Bermuda?

Electricity for residential - mostly at 120V - heating, lighting, cooking and cooling is provided exclusively in Bermuda by the Bermuda Electric Light Company Limited (BELCO) at 27 Serpentine Road, Pembroke HM 07, Bermuda. Telephone (441) 295 5111. Fax (441) 292 8975.

Is Bermuda a suitable location for solar energy?

Bermuda is a suitable location for solar energy in several ways. Approximately 10,000 rooftops in Bermuda (out of a total of about 36,000 rooftops) are good candidates for rooftop solar because they face south and are not obstructed by trees or other buildings.

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.

A solar electricity system installed by BE Solar can provide clean power for up to 75% less than current electricity rates. Our team provides the most robust and highest quality solar panels, with safe and reliable microinverters and tough, leak-free attachments that are designed to withstand the unique environmental conditions of Bermuda.

We carry the highest quality solar, battery and energy solutions to withstand Bermuda's extreme climate and hurricane force winds. Inquire for your custom sustainable energy solutions proposal today! BE Solar
