We've just made installing reliable energy solutions easier :-D . Visit [shop.bluenova](http://shop.bluenova) and with a click of a button you can shop the complete solution. Visit our store to see what we have to ...

BlueNova specializes in high-quality energy storage solutions, focusing primarily on the production and supply of lithium iron phosphate (LiFePO<sub>4</sub>) batteries, pre-configured battery systems, and supporting electronic devices. Their products are known for their performance, longevity, and durability, and are designed to seamlessly integrate with ...

BlueNova supplies energy storage solutions to energy industry professionals. Our collective product offering mostly consists of batteries (but also pre-configured battery systems, as well as supporting electronic devices) currently centered around, but not necessarily limited to, the lithium iron phosphate (LiFePO<sub>4</sub>) battery chemistry.

SBB(TM) batteries have been developed to allow for the easy installation of 14.5kWh of high performance battery capacity in single-module installations as well as for expanded capacities in increments of 14.5kWh. Up to 9 x SBB(TM) ...

We've just made installing reliable energy solutions easier :-D . Visit [shop.bluenova](http://shop.bluenova) and with a click of a button you can shop the complete solution. Visit our store to see what we have to offer. #BlueNova - Energy storage solutions for you.

We at BlueNova Energy are proud to be South Africa's premier energy storage solutions company, servicing both the continent and the world. Supported by a decade of expertise in the field, we provide high quality, high performance energy storage solutions to residential, commercial, industrial applications and utility services.

SBB(TM) batteries have been developed to allow for the easy installation of 14.5kWh of high performance battery capacity in single-module installations as well as for expanded capacities in increments of 14.5kWh. Up to 9 x SBB(TM) modules can be connected in parallel for a total installed capacity of >130kWh. The integrated BMS in SBB(TM) batteries is a completely redesigned ...
