

QSTec has an 8,400 metric tonne per year (MTPY) high quality, solar grade Polysilicon manufacturing facility in the Ras Laffan Industrial City (RLIC), Qatar that produces top tier polysilicon for use in the world's most efficient solar technologies. In addition to this QSTec has installed ground and rooftop PV installations at its RLIC site ...

6 ???&#0183; In a significant step towards sustainable agricultural development, Qn-SOLAR has recently unveiled its partnership with CLS Solar Service Bulgaria for a groundbreaking 5MW ...

Qatar Solar Technologies (QSTec) has started polysilicon production at its manufacturing facility at Ras Laffan Industrial City with an annual capacity of 8,000 metric tonnes, it announced on Friday.

Qatar Solar Technologies (QSTec) is a multi-award winning polysilicon manufacturing company. Our polysilicon is at the forefront of industry excellence in terms of cost, quality, and efficiency, and is exported from our strategic location in Qatar to our customers across the world.

6 ???&#0183; In a significant step towards sustainable agricultural development, Qn-SOLAR has recently unveiled its partnership with CLS Solar Service Bulgaria for a groundbreaking 5MW ground-mounted photovoltaic (PV) project known as Project Svishtov. The project, which broke ground in June this year and is nearing completion, is set to be operational by April 3, 2025, ...

Marking a major breakthrough in the region's solar industry, Qatar Solar Technologies (QSTec) has successfully produced its first polysilicon at its 8,000 metric tonnes per annum (MTPA ...
