

Cabo Verde smart grid in europe

How does Cabo Verde Telecom work?

Cabo Verde stands at a digital crossroads between Europe, Africa, and America, with the Ella Link cable connecting continents. Team Europe and Cabo Verde Telecom work together to modernise the islands interconnection cables and thus attract more private sector activity.

How does the EU support Cabo Verde?

The EU supports Cabo Verde's long-term development goals in line with 'Cabo Verde - Ambition 2030' and the EU 'Global Gateway Strategy.' The EU's aim is to assist Cabo Verde in its transformation towards a sustainable, green, and inclusive growth model, focusing on key competitive clusters such as renewable energy, blue economy and digitalisation.

How can Cabo Verde achieve a sustainable future?

Renewable energy transition: Assisting Cabo Verde in its journey towards sustainable and green energy sources and the commitment to attain 50% renewable energy sources by 2030. Blue economy: Promoting a sustainable maritime economy, harnessing the potential of Cabo Verde's abundant coastal resources.

Why is Cabo Verde a digital hub?

Digitalisation: to support the country's ambition to become a digital hub, fostering smart, clean, and secure connections. Cabo Verde stands at a digital crossroads between Europe, Africa, and America, with the Ella Link cable connecting continents.

What is Team Europe & Cabo Verde Telecom?

Team Europe and Cabo Verde Telecom work together to modernise the islands interconnection cables and thus attract more private sector activity. This endeavour aims to provide quality digital services (including capacity, IP transit, and data centre housing) to both regional and international markets.

Does Global Gateway support Cabo Verde's Blue Economy?

The inauguration of Maio port in 2022 and the ongoing works at the port of Palmeira in Sal island show how Global Gateway is concretely supporting Cabo Verde's blue economy. The EU is likewise engaged in supporting Cabo Verde's ambitions on innovative ways of funding socio-economic development.
