

Can I put a locker opposite the bed

How to choose a bedside locker?

If you have a bed with a bold coloured headboard, then you may opt for a more neutral bedside locker so that you don't overpower the space. Alternatively, if you have a minimalist decor style, you may opt for a locker to serve as a main design feature. Height: The height of your bedside locker is one of the key factors to consider.

How far apart should a bedside locker be?

Spacing: The ideal spacing between bedside lockers and a bed will be determined by its function. If you want to have items within arm's reach, then it is recommended that you place the locker approximately one to two inches away from the bed. On the other hand, if your locker is purely for aesthetic purposes, it can be placed further away.

Should a wardrobe be opposite a bed?

Placing the wardrobe opposite the bed can create a balanced look, especially if the bed and wardrobe are similar in size. Placing the wardrobe in a corner can be a smart choice for rooms with an irregular shape or limited space. It utilises often overlooked space and can add a unique touch to the room's design.

Do bedside lockers add value?

Bedside lockers are far more than just a prop when it comes to the overall look and feel of your bedroom. They add value through their functionality and style, and, most importantly, they help to make your day-to-day living more comfortable. They provide a luxurious statement piece, and they complement a bedroom of any size.
