

China Southern Power Grid WeChat payment QR code

How does a WeChat payment collection QR code work?

Merchants generate their own individual payment collection QR code. Users open WeChat to scan the code, confirm the amount, and make the payment after passing the security checks. This product is designed for merchants without code scanners or other cash registers that can be used to collect money.

How to pay using WeChat or AliPay in China?

To pay using WeChat or Alipay in China, there are two methods. The first method (the more common way, usually used in hotels, supermarkets, large shopping malls, and restaurants) is the merchant scanning your payment QR code. Simply present your payment QR code in front of the scanning device.

How do I pay a bill on WeChat?

To pay in stores, open WeChat, go to "Wallet," tap on "QR Code for Payment," and let the cashier scan your QR code. You can also scan the store's QR code and enter the amount you need to pay. You can pay for utilities and services directly through WeChat by navigating to the "Bills" section of the Wallet menu.

How does WeChat Pay work?

WeChat Pay is a daily payment tool used by Chinese consumers around the world with over 800 million monthly active users, providing a smart and efficient payment solution for both consumers and merchants. Users present their WeChat Pay payment code to the merchant. Merchants scan the code to take the payment.

How do I return money from a wechat account?

You can return the amount via cash or other means. To pay in stores, open WeChat, go to "Wallet," tap on "QR Code for Payment," and let the cashier scan your QR code. You can also scan the store's QR code and enter the amount you need to pay.

Can a merchant use WeChat without a code scanner?

This product is designed for merchants without code scanners or other cash registers that can be used to collect money. It can be used in both physical stores and on online websites. Merchants have their own fixed payment collection codes. After a user uses WeChat to scan the code, the amount is entered and the payment is completed.
