

As a result, UEP has emerged as the largest foreign investor in Pakistan's exploration and production sector. Today, UEP's onshore concessions span over 18,000 square kilometres and are spread across 19 districts in Sindh and Balochistan provinces.

United Energy Pakistan (UEP), formerly known as BP Pakistan, is a subsidiary of Chinese United Energy Group in Pakistan with a footprint in Sindh province of Pakistan, around 100 km to the east of Karachi. United Energy Group had acquired the Pakistani assets from BP in September 2011 and BP Pakistan thus became UEP. [1] [2]

United Energy Pakistan (UEP), formerly known as BP Pakistan, is a subsidiary of Chinese United Energy Group in Pakistan with a footprint in Sindh province of Pakistan, around 100 km to the east of Karachi. United Energy Group had acquired the Pakistani assets from BP in September 2011 and BP Pakistan thus became UEP.
