

Gibraltar rooftop solar scheme

Three companies were successful in their bids and now form part of the Government solar framework agreement, as part of the Government's phased roll out of rooftop PV systems under power purchase agreements (PPAs).

With a combined installed capacity of 19 GWs across 4,600 projects, now officially working as a single entity with a snazzy new logo, this new mega Terrasmart arguably represents the most complete single provider for C& I and utility-scale solar solutions across a project lifecycle.

2 ???· The Gibraltar government is seeking developers to install rooftop solar systems at selected sites across the British Overseas Territory. It will also consider proposals for solar ...
