Dwindling confidence in the North Sea oil and gas sector may affect investment in offshore wind too, writes Jon Fitzpatrick, Founder and Managing Director of Gneiss Energy. This article first appeared in The Times Scotland June 18, 2024 We need Scotland's energy sector to be as predictable and dependable as possible.

In a rapidly changing global energy landscape, we help oil and gas companies develop optimal strategies and capitalise on emerging opportunities. Our team of energy-finance professionals have years of operational oil and gas and corporate finance experience allowing us to provide precise solutions, tailored to our client's specific needs.

Gneiss is a uniquely formed team of energy professionals whose in-depth practical experience and expertise in natural resources derives from years of practice in a wide range of sectors and jurisdictions, enabling the company to provide a fully customised service that will align client requirements with exclusive opportunities.
