Why should you choose Durban solar power?

Harnessing the power of the sun, for a sustainable future. At Durban Solar Power, we specialize in the design and installation of solar panel systems for homes and businesses throughout South Africa.

Does South Africa have a solar water heater Rebate program?

This program is administered by the National Energy Regulator of South Africa (NERSA). In addition, the National Treasury has announced a solar water heater rebate program for households and commercial entities. This program provides a rebate of up to 50% of the cost of a solar water heating system, up to a maximum of R20,000.
