

As a signatory to the Paris Agreement, India's Prime Minister, Narendra Modi, has given India's clean energy revolution his backing and supports moves to use energy from wind and solar, as well as biomass, to meet his country's climate change obligations.

In 2020, MCS published its first Battery Storage Standard alongside other microgeneration standards for technologies like solar PV. Image: GTEC. The rapid development of battery storage systems over the last 20 years has meant we now have an innovative and developed technology that will be a game changer in terms of our journey towards net zero ...

The British Indian Ocean Territory (BIOT) is an Overseas Territory of the United Kingdom situated in the Indian Ocean, halfway between Tanzania and Indonesia. The territory comprises the seven atolls of the Chagos Archipelago with over 1,000 individual islands, many very small, amounting to a total land area of 60 square kilometres (23 square ...
