How long can you keep cold food out of a Buffet?

When you display cold food, e.g. on a buffet, you should use suitable chilled display equipment to keep it at 8°C or below. If this is not possible, you can display food out of chilled storage for up to four hours, but you can only do this once. Make sure you know how long food has been on display or kept out, and check its temperature regularly.

How long should you keep food after 'use by' date?

Make sure that you do not use food after its 'use by' date. For dishes you have prepared or cooked, it is a good idea to use stickers, or another method of labelling, to keep track of when food should be used or thrown away. If you are not sure how long to keep food, ask your environmental health officer for advice.

How long does frozen food last?

The storage time of frozen foods can vary depending on the type of product and the temperature at which it is stored. Whilst it's not possible to offer exact storage times, an average product life can be estimated based on a variety of factors.

How do you keep produce safe in a cold storage unit?

Wear gloves when necessary and carry out the correct hand washing techniques after handling produce. Keep cold storage units sterile and disinfect containers regularly. Check cold store temperatures regularly to ensure produce does not succumb to bacterial growth.
