The launches of the \$8.5 billion JETP for South Africa in 2021 and the \$20.0-billion JETP for Indonesia in 2022 provide momentum for this effort. However, the legacies of coal-based power and modest renewable ...

The launches of the \$8.5 billion JETP for South Africa in 2021 and the \$20.0-billion JETP for Indonesia in 2022 provide momentum for this effort. However, the legacies of coal-based power and modest renewable energy deployment in both countries present key challenges in the areas of political economy, policy alignment, finance, and supply chain ...

In a step toward strengthening energy solutions in Africa, Guma Group and Indonesia's Energi Mega Persada (EMP) have agreed to collaborate on a major energy initiative. The two companies signed a Memorandum of Understanding (MoU) that will see them work together to explore oil and natural gas opportunities in the Buzi Block of Mozambique.
