

Intersolar Europe 2024 is the world's leading solar industry exhibition, with more than 115 000 visitors and over 1 370 exhibitors expected to attend. Connect and network with decision makers and potential new customers covering solar and photovoltaic manufacturers, suppliers, distributors, service providers, project planners and developers.

In March of 2019, Diversified (a leading international media company) marked its entry into the renewable energy industry with the acquisition of Intersolar North America, EES, and Power2Drive North America from Solar Promotion International and FMML. Its first edition of Intersolar North America was held in February of 2020 and featured the inaugural Solar ...

Intersolar & Energy Storage North America highlights the latest energy technologies, services, companies, and organizations striving to create positive impact on climate change and support our planet's transition into a more sustainable energy future.
