

Engineered to handle tough weather conditions, the JAM72D40-590/LB (BIFACIAL, SFR) solar module has been tested to withstand snow loads of up to 5400 Pa and wind loads of up to 2400 Pa. Its durability makes it an ideal solution for installations in various areas.

The JA Solar JAM72D40 LB modules from the DeepBlue 4.0 series showcase cutting-edge solar technology, featuring high-efficiency Mono-PERC cells with a 16-busbar design to improve low-light performance and deliver 580-605W per module. The N-type double glass bifacial design maximizes light absorption on both sides, enhancing energy output.

The JA Solar JAM72D40-590/LB-ITS is a 590W n-type Double Glass Bifacial Solar Panel with a silver frame. Part of the Deep Blue 4.0 Series, the panel offers high power & efficiency, lower degradation and better low-light performance.
