

Jamaica schutten solar

Who is Schutten solar?

Schutten Solar, a state-level high tech enterprise with the most advanced PV production equipment in the world, are specialized in production and sales of PV modules, as well as providing design, installation, and after-sales services for PV power plants and PV systems.

Where are Schutten PV modules made?

Currently, Schutten has two PV module production bases located in China and Thailand, with world-class production and testing equipment which are used to produce double-glass, multi bus bars, half-cell and other high-efficiency PV modules.

Why is Schutten a good company?

Not only has R&D center for new products, Schutten also has reached strategic cooperation with China Electronics Research Institute (CETC 40) and many other universities.

Anhui Schutten Solar Energy Co., Ltd. Products As a global smart new energy solution provider, we focus on the R& D, manufacturing and maintenance of photovoltaic modules, as well as the design and installation of photovoltaic power plants.
