

The agreement for the connection of the Vracenovici photovoltaic plant to the transmission system was signed by Ivan Asanovic, CEO of CGES, and Iva Simonovic, deputy CEO of Agenos Energy from Podgorica, the capital ...

August 4 (SeeNews) - Montenegro's Agenos Energy plans to build a 100 MW solar plant in the southern municipality of Niksic, local media reported on Friday. Photo: Pixabay The plant will span a total of 125 hectares and be built in the village of Vracenovci, news provider eKapija reported.

This MoU marks the 14th agreement Jordan has signed in the fields of green hydrogen and green ammonia production, reflecting the country's commitment to expanding its renewable energy investments. To date, eight investors have submitted preliminary feasibility studies for green hydrogen projects in Jordan, with three of them nearing completion.

The agreement for the connection of the Vracenovici photovoltaic plant to the transmission system was signed by Ivan Asanovic, CEO of CGES, and Iva Simonovic, deputy CEO of Agenos Energy from Podgorica, the capital of Montenegro.
