

What happened to Siemens PV inverters?

Please ask us! Siemens has adapted its business with SINVERT PV inverters to the changes in the market and will no longer offer new products. After-sales service for our existing customers will continue to be provided in full.

Will eco7 replace my faulty solar inverter?

Replace your faulty inverter with Eco7. Is your solar inverter faulty? Eco7 will replace the unit with a state-of-the-art inverter complete with free monitoring and a fresh 10 year warranty. Best Price Guarantee! We promise to beat any like-for-like quote for solar inverter replacement, please call for more information.

Can I install a different brand of inverter?

No, we can install any inverter brand (subject to suitability) on request. We recommend SolaX owing to the long warranty, excellent after-sales support and competitive pricing. All quotations provided will be based on SolaX products initially, but a bespoke quotation can be provided for alternate brands if required.

What if my Solax inverter fails?

We recommend SolaX inverters, all of which are supplied with a 10 year warranty as standard. This is a manufacturer's warranty; therefore if your inverter were to develop a fault within this 10 year period, you would be sent a replacement by SolaX Power.

Our basic pricing for single-phase (domestic) solar inverter replacement (up to 4kW) starts at £630 (inc. VAT) for 1kW inverters and is capped at £783 (inc. VAT) for 3.6kW dual MPPT models (excluding optional add-ons, upgrades to ...
