

Kit fotovoltaic 2kw off grid Greenland

What is a DIY off-grid solar kit?

Deliver power to remote locations with our DIY off-grid solar kits. These kits contain the components you need to install a fully self-sufficient off-grid solar system, including solar panels, an off-grid inverter, and mounting materials. We'll also customize your kit with a battery bank sized to meet your storage needs.

What is a 1kW to 3KW solar panel kit?

These 1kW to 3kW solar panel kits deliver enough energy for a range of domestic applications such as holiday homes, cabins, workshops, remote offices, stables, summerhouses and other uses. The range includes 1200W solar panel kits, 1800W solar panel kits, 2400W solar panel kits and 2700W solar panel kits.

What is included in a 2KW solar installation kit?

Complete 2kW DIY solar panel kit for home installation. Each DIY solar install kit includes solar panels, microinverters, and racking.

How much power does a 2KW Solar System produce?

Our 2 kW solar systems feature DIY solar kits, which will produce at least 2kW (or 2,000 watts) of power. This translates to approximately 175 to 375 kilowatt-hours (kWh) per month depending on your system choice, location and other factors. Choose between a 2kW solar kit with microinverters and a 2.4kW off-grid kit.

What does a complete solar kit include?

Our complete solar kits offer all-inclusive packages (solar panels, inverters, charge controllers, and batteries), providing everything you need to generate clean and renewable energy for your home, RV, or off-grid adventures.

Are GoGreenSolar solar panels right for You?

GoGreenSolar solar panel kits include a complimentary roof layout, installation support and permit approval guarantees so you don't have to figure it out all on your own. If you're handy with tools, love learning new skills, or enjoy managing and completing projects, DIY solar installation could be ideal for you.

6.4% This 2kW complete off-grid kit is perfect for homes, offices, and cabins. Kit includes: 2kW solar panels, 10.24kWh batteries, 5kW inverter charger - Easy to Install & 5 Year Warranty
