

Lebanon prime minister solar scheme

Does Lebanon need solar power?

Lebanon has a target to source 30% of its electricity from renewables by 2030. However, some argue that LCEC and Lebanon's government have played little role in the rollout of solar in the country.

How much solar power will Lebanon have in 2022?

Over 650 megawatts (MW) were installed in 2022 alone, says El-Khoury, bringing Lebanon's total solar capacity to 870MW, according to his figures. "Installed capacity should reach 1,000MW in June," he says. He estimates that the installed capacity of diesel generators, meanwhile, likely amounts to 1,000-1,500MW.

How much money did a Lebanese professor invest in solar panels?

A Lebanese professor of educational sciences, Constantin decided to invest \$6,500 (€5,140) of her savings in nine solar panels and a battery last September. "We are not looking for a life of luxury, we simply want dignity," she tells me.

Are rooftop solar panels a good idea for Lebanon?

Rooftop solar panels are offering the promise of a more normal way of living in Lebanon amidst an unsteady electricity supply - for those who can afford it.

What happened to Lebanon's electricity grid?

Lebanon's national grid has struggled to meet the population's full electricity requirements since the country's civil war began in 1975, forcing consumers to rely on expensive neighbourhood generators to fill the gaps. The civil war ended in 1990 but the grid problems continued.

Does EDL have a monopoly in Lebanon?

They also operate illegally, says Christina Abi Haidar, a legal advisor on energy for UN agencies and the private sector. EDL officially has a monopoly in Lebanon, she adds, but a "de facto monopoly of [private] generators are allowed to exist because those who run them are affiliated to the political elite".

The Union Cabinet, chaired by the Prime Minister Shri Narendra Modi, has approved PM-Surya Ghar: Muft Bijli Yojana with a total outlay of Rs.75,021 crore for installing rooftop solar and providing free electricity up to 300 units every month for One Crore households. The Prime Minister had launched the scheme on 13th February, 2024.

New Delhi: The Union Cabinet has green-lighted the "PM Surya Ghar: Muft Bijli Yojana", a rooftop solar initiative with an allocation of INR75,021 crore, aimed at installing solar panels across 10 million households. Announced by Prime Minister Narendra Modi on February 13, 2024, the scheme promises to deliver up to 300 units of free electricity each month to a ...
