HOUSTON -- Honeywell today announced it will provide VIElectron, a CB Loranger Company, its first installment of battery energy storage solutions (BESS) to six solar parks strategically positioned across the U.S. Virgin Islands. When completed, the solar array and BESS will boost the islands' decarbonization efforts by fulfilling 30% of its ...

Honeywell announced it will provide VIElectron, a CB Loranger Company, its first installment of battery energy storage solutions (BESS) to six solar parks strategically positioned across the U.S. Virgin Islands.

Honeywell will supply VIElectron, its first installation of battery energy storage solutions (BESS) for six solar parks located across the US Virgin Islands. The BESS, which is for a capacity of 124 MWh, will boast an end-to-end battery management system (BMS).

Honeywell Process Solutions has announced plans to install about 124 MWh of its battery energy storage systems alongside 140 MW of solar at six sites to help the US Virgin Islands cover...

HOUSTON, Dec. 5, 2023 /PRNewswire/ -- Honeywell today announced it will provide VIElectron, a CB Loranger Company, its first installment of battery energy storage solutions (BESS) to six solar...

placed solar parks across the ...

Honeywell announced it will provide VIElectron, a CB Loranger Company, its first installment of battery energy storage solutions (BESS) to six solar parks positioned across the U.S. Virgin Islands. The project is expected to boost the islands' decarbonization efforts by fulfilling 30% of its energy consumption through renewable sources.

This visionary partnership is set to transform the energy landscape of the US Virgin Islands through the deployment of cutting-edge Battery Energy Storage Solutions (BESS) across six strategically positioned solar parks. The ...
