

Longi photovoltaic panel sales live broadcast

Why should you choose LONGi Solar panels?

LONGi supplies more than 30GW of high-efficiency solar wafers and modules worldwide yearly, which equates to about a quarter of the entire global demand. Solar installers all over the world rely on LONGi panels because they are a bankable brand that keeps sustainability at its core.

Why is LONGi the most valuable solar company in the world?

With innovation and sustainable development as their two guiding values, they have become the most valuable solar company worldwide. LONGi supplies more than 30GW of high-efficiency solar wafers and modules worldwide yearly, which equates to about a quarter of the entire global demand.

Who is Longi Green Energy Technology?

Xi'an, China, 29th August, 2024 -- The world-leading solar technology company, LONGi Green Energy Technology Co., Ltd. (hereafter as "LONGi"), released its semi-annual report for 2024. Amidst the continuous transformation and challenges in the PV industry during the first half of 2024, the company achieved a revenue of 38.529 billion yuan.

How did the PV industry perform in the first half of 2024?

Amidst the continuous transformation and challenges in the PV industry during the first half of 2024, the company achieved a revenue of 38.529 billion yuan. Silicon wafer shipments totaled 44.44 GW (with 21.96 GW sold externally), while solar cell sales reached 2.66 GW externally.

Why do solar installers rely on Longi panels?

Solar installers all over the world rely on LONGi panels because they are a bankable brand that keeps sustainability at its core. LONGi is part of the SMSL (Silicon Module Super League), a record-breaking group of global manufacturers in the PV industry. Making them a brand you can trust and rely on.

What does Longi do?

Under its mission of 'making the best of solar energy to build a green world', LONGi has dedicated itself to technology innovation and established five business sectors, covering mono silicon wafers cells and modules, commercial & industrial distributed solar solutions, green energy solutions and hydrogen equipment.

Amidst the continuous transformation and challenges in the PV industry during the first half of 2024, the company achieved a revenue of 38.529 billion yuan. Silicon wafer shipments totaled 44.44 GW (with 21.96 GW sold ...

Longi Solar Panels. Longi is the world's largest producer of mono silicon wafers, supplying more than 30GW of solar wafers and modules across the globe yearly, accounting for around a quarter of global market demand.
