

Love Electric Wind Code

Does loveelectric sell EVs?

Loveelectric Salary Sacrifice claims to have access to every EV on the market through its network of over 300 dealers. Here are some examples of the various segments of electric cars Loveelectric caters for : Nissan cars on salary sacrifice, such as the Leaf or Ariya, are popular Loveelectric options.

Do you need a company to sign up to Love Electric?

We'll need your company to sign up to love electric. It's totally free for them to join and will get you up to 60% off the normal lease cost of an electric car. All of our salary sacrifice vehicles come with 5,000 miles of free charging, thanks to our partnership with OVO. [Learn more here.](#)

How does Loveelectric work for employees?

Through Loveelectric, employees can access a live quotations site to calculate their salary sacrifice and order their electric vehicle. Loveelectric will also help the employer amend employee contracts and payroll and ensure salary deductions are HMRC compliant.

Will loveelectric save £100M in the next 18 months?

Loveelectric aims to help 10,000 people switch to electric cars in the next 18 months, saving them a total of £100m. Employees will have access to a live quotations site through Loveelectric where they can calculate their salary sacrifice and order their electric vehicle.

Does loveelectric have a BCorp?

With its BCorp status pending, Loveelectric's commitment to social and environmental responsibility is clear. Their transparent pricing and commitment to ethical practices reflect their integrity. With access to an extensive network of over 300 dealers, Loveelectric has a diverse range of electric vehicles, catering for all preferences.

How much does loveelectric cost?

Once an employee's car is delivered, Loveelectric charges a small administration fee. This fee amounts to 3% of the employee's gross rental and averages around £20 per month per car. Importantly, this fee is taken from the employer's NIC (National Insurance Contributions) savings, meaning that the service is essentially cost-neutral to the company.
