SOLEKTRA is a leading provider of clean renewable energy solutions such as Solar Home Systems, Solar Street Lights, Solar Mini Grids, Solar Rooftop Solutions, Solar Water Heaters, Smart Solar Irrigation, Water Solutions, and other groundbreaking technological solutions.

Unlike residential and commercial systems, they're decentralized and usually consist of ground-mounted solar panels installed across large areas. In most cases instead of providing power to a local end-user like a homeowner or business solar farms provide power to the electric grid and are part of the utility's energy mix. There are ...
