As a world-class solar products manufacturer, Jetion Solar specializes in research, development, production, and sales of solar PV products. Since its foundation in 2004, Jetion Solar has accomplished significant achievements ...

Jetion Solar implements full transparent manufacturing management and quality control. Through a deeply customized ERP system, we can track all raw materials quality control status, production processes, testing and delivery, thereby achieve the full traceability of every single module.

Jetion Solar (China) Co., Ltd. Parent Company China National Building Material Group Co., Ltd. Additional Offices Country: Liechtenstein Phone: +423 265 3830 E-mail: [email protected] ...

Jetion Solar's N-HJT Solar Module Earns Prestigious TÜV SÜD Certification... Jetion Solar Wins Excellence Award in the 1st Energy & Electronics Industry Inno... Jetion Solar Achieves High-Efficiency HJT Solar Modules Production Milestone

As a world renowned PV manufacturer, Jetion Solar specializes in research, development, production and sales of high efficiency solar cells and modules. Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations.

As a world-class solar products manufacturer, Jetion Solar specializes in research, development, production, and sales of solar PV products. Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovative designs.

Industry Leading PERC+ Cell Technology Based on large size Si-wafer with low oxygen content and defects, Jetion Solar R& D team applies self-developed core patented cell technologies, such like passivation contact, multiple light utilization and metallization printing technology, etc., and successfully realized mass production of cell efficiency with more than 23.00%.

The headquarters and R& D center of Jetion Solar are located in Jiangyin, China. We are here to develop a "Innovated in China" product portfolio. Our R& D talents continuously improve existing products and also develop next generation of innovative products.
