Why should you partner with MFT energy?

With MFT Energy's unique partner model, we empower entrepreneurs to become the best and make the most of their talent. We believe the most successful way to advance our business is to extend a sense of ownership to as many employees as possible.

Does Trinity energy supply refined oil to South Sudan?

Trinity Energy has supplied substantial volumes of refined oil products to the Republic of South Sudan, effectively stabilising domestic supply and demand for refined oil products. Trinity Energy has invested in a robust supply chain that consists of a storage facility in Nesitu with a capacity of 6 million litres.

How can Trinity Energy help solve South Sudan's fuel shortages?

In 2018, with the support that was received from Afreximbank, Trinity Energy was able to stabilise the petroleum supply in South Sudan, playing a central role in addressing the fuel shortages that were hitherto faced by the country.

How can Tel improve the security of petroleum supply in South Sudan?

As a further means to enhance the security of petroleum supply in South Sudan by supporting refined petroleum products supply into the country, TEL engaged with the African Export-Import Bank ("Afreximbank") in 2018 and secured a revolving Import Financing of USD 30M. The facility was subsequently enhanced to USD 50M in 2020.

How much did Trinity Energy Invest in Juba?

The facility was subsequently enhanced to USD 50M in 2020. Trinity Energy has to date invested over USD13 million in its current retail network in Juba and a further over USD5 million in the largest petroleum storage terminal in South Sudan.
