

Phoenix solar energy Guernsey

How many solar panels are there in Guernsey?

A solar panel project at a Guernsey charity is now complete and will power about 40 homes, Guernsey Electricity said. There are 310 photovoltaic panels on the roof of the newly reopened Guernsey Rural Occupational Workshop (Grow) site. The charity worked with Guernsey Electricity and The Little Green Energy Company on the scheme.

Who is Phoenix Solar Energy?

Phoenix Solar Energy prides itself on the services that they can offer to it's customers. By having a wealth of knowledge in the Heating, Plumbing & Gas Industry for over 30 years, we have been our customer's first point of call when considering making any changes to their homes or businesses.

In 2023 Guernsey Electricity worked in conjunction with The Little Green Energy Company to install the vast community-scale solar array at Grow Limited's newly redeveloped headquarters. The 310 photovoltaic (PV) panels will produce 129-kilowatt peak power (kWp). That's enough electricity to supply power to approximately 35 homes.
