

Photovoltaic panel glass door and window lifting machine

What is a solar lift?

The Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas.

What is a Geda solar panel lift?

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas. At Mace Industries, we don't just sell you the machines and wave you goodbye.

Can a smartlift install Windows from the inside?

With a Smartlift as your ergonomic cobot, it's possible to install windows from the inside in high-rise buildings and larger structures with minimal use of cranes, lifts, etc. Smartlift can angle the window safely through the window opening, with the remote control you fine-tune the placement, and then complete the installation.

Why do you need a glass lifter?

Glass lifters from Smartlift enhance precise installation of windows and glass and employee safety on construction sites worldwide. Explore our selection of glass lifters and learn more about the tasks and projects Smartlift can help you achieve. With a Smartlift on your team, you can work faster and safer.

Should you use a glass lifter on a construction site?

When you work outside on the construction site, the glass lifter moves the object safely and efficiently regardless of terrain. You'll notice the difference in workload with a Smartlift. It reduces physical strain and streamlines tasks, allowing you to accomplish more in less time.

Why should you choose a smartlift glass lifter?

Glass lifters from Smartlift have vacuum technology that ensures your materials are under control throughout the installation. With a Smartlift, you avoid exhaust fumes at the workplace - both indoors and outdoors. All our models are electric, which is good for both the environment and the employees.
