

Photovoltaic panel snow cleaning tool

Do solar panels need a snow removal tool?

The snow removal tools that work for pavement, shingles, and car windows will damage panels and put a stop to generating power. Instead, you need a proven scratch-free winter tool that can protect your panels. Businesses, retailers, and consumers with solar arrays tackle solar panel cleaning with solutions like these:

How do you remove snow from solar panels?

This preparation reduces the risk of accidents or equipment damage during snow removal. Use the Right Tools: Utilize a soft brush or a foam-headed roof rake designed for solar panels to gently remove snow, avoiding scratches or damage to delicate panel surfaces.

How to remove snow from solar panels & awnings?

The Best Way to Remove Snow From Solar Panels, Awnings, Aircraft, Vehicles and Roofs Prevents ICE DAMS - THE SNOW PRO & ROOF BRUM! Our Soft Snow Removal Roof Rake tools are non-abrasive and specifically designed to not damage the surfaces you are using them on.

Should you clean snow off solar panels?

A thin layer of snow on your solar system is not something that you should worry about. When snow heaps get heavy and icy, it does warrant proactive cleaning measures. In this article, we will explore when and how to clean snow off solar panels. When our customers ask for advice about snow cover on their panels, we preach patience.

Are solar panel snow rakes safe?

The easiest, safest option for most homeowners, are solar panel snow rakes. These feature a soft, rubbery rake attached to a long telescoping pole that helps you easily access roof-top panels safely from the ground. The soft head allows you to quickly clear snow off your solar panels without worrying about scratching or damaging the surface.

What is the best snow brush for solar panels?

For harder to reach panels on high roofs, we recommend the Mobile RoofBrum. Many solar panel owners rely on a foam snow brush like the RoofBrum for clearing vehicles, but it's got a robust market for use on clearing delicate surfaces like solar panels, awnings, and spa covers, too.
