

# Photovoltaic panels installed on the roof of the badminton hall

Can solar PV panels be installed on the roof of Kirtlington village hall?

In 2019 Sustainable Kirtlington undertook a project to install 32 solar pv panels onto the roof of Kirtlington Village Hall. They initially applied for one of our Low Carbon Hub large grants, which allowed them to carry out an initial feasibility study, to see if the Hall roof was suitable for having solar pv panels installed.

Why do sports clubs & village halls use solar panels?

One of the most compelling reasons for sports clubs and village halls to embrace solar PV is the significant reduction in energy costs. With electricity prices still substantially high, generating and storing your own electricity through solar panels and battery storage allows you to harness free power from the sun.

Can solar panels be installed on community buildings in Northumberland?

...all whilst limiting risk and maximising reward for community groups. How? The project will install solar PV panels onto the roofs of community buildings across rural Northumberland (village halls, churches, community-owned sports facilities, etc) alongside battery storage.
