By practicing these Power Grid Executive Trainee Old Question Papers, you can increase your speed and accuracy of problem-solving. That helps to answer all questions in the PGCIL Executive Trainee Exam as per the stipulated time.

How do I get to the National Grid assessment centre?

To reach the National Grid assessment centre you must complete an online application, a situational judgement test and a preliminary interview. The National Grid assessment centre is based at the Warwick conference centre and lasts for two days. The first day will be relaxed and will not feature many exercises.

How do I prepare for the National Grid assessment?

Doing well on the National Grid assessment is crucial to your success as a candidate. In order to do well, it is essential to do as much preparation as possible. One of the best ways to prepare for the assessments is to take online practice tests and take advantage of other online resources.

What tests does National Grid use?

National Grid uses SHL tests. These assessments are all timed, so it is of vital importance that you practice them beforehand to get used to the timed conditions. Once you have passed the ability tests, you will be required to speak with an interviewer on the phone or computer for 30 minutes, to answer around three questions.

How do I get a job at National Grid?

When applying to a job role at National Grid, you will need to be up for the challenge of a structured and thorough application process. If you are successful with your online application, ability tests, and phone interview, you will be required to attend a final all-day assessment centre that will take place either virtually or in-person.
