

Pt green power group Iceland

Led by Green by Iceland, in cooperation with the Icelandic Ministry of Environment, Energy, and Climate, the delegation aims to foster global partnerships to accelerate green energy transitions...

Continuing our legacy of geothermal design and construction based on predecessor IP Assets from building 16 power plants for national utilities. GEG Geoneer provides innovative engineering for clients to optimize new plants at the design stage and to retrofit plants already in operation.

Green by Iceland is a collaborative platform uniting the private and public sectors to tackle climate issues and develop sustainable, green solutions. Focusing on innovation, renewable energy, and environmental responsibility, Green by Iceland fosters partnerships that drive progress toward a carbon-neutral future.
