What does Berkeley Energy do?

Berkeley Energy works with its partner companies to provide engineering, management, and financial support, whilst offering the ability to act as a bankable sponsor for renewable power projects. Our approach is hands-on, asset-first, technically orientated. We look to achieve our returns by holding equity in well-conceived and constructed projects.

What makes Berkeley Energy unique?

Berkeley Energy's technical and operational capabilities are complemented with dedicated financing, legal, and structuring professionals with experience in private equity, infrastructure, and renewable energy transactions.

Where is Berkeley Energy regulated?

Berkeley Energy has offices in London, Singapore, Nairobi, Mauritius, Delhi, and Manila. Members of the group are authorised and regulated by the United Kingdom Financial Conduct Authority and in Mauritius by the Financial Services Commission.
