

Senegal's ruling party claimed it had won a comfortable victory in Sunday's legislative elections, paving the way for it to deliver an ambitious reform agenda eight months after sweeping to power. Voting took place peacefully across the West African country, where the governing Pastef party said 90 to 95 percent of ballots had already been counted.

The Brooch Market was valued at USD 26.03 billion in 2023, expected to reach USD 27.59 billion in 2024, and is projected to grow at a CAGR of 6.50%, to USD 40.45 billion by 2030. A brooch is a decorative jewelry piece that is often attached to clothing, serving both ornamental and practical purposes such as fastening garments.

Reach for Change (RfC) Senegal vous invite à prendre part à la cérémonie officielle de clôture du projet Kosmos Innovation Center (KIC) 2022-2023, mis en oeuvre au Sénégal par Reach for ...

Senegal hopes a move into offshore oil will transform its struggling economy but questions remain about who will actually see the economic benefits. Oil drilling can provide vital income for poor countries but it can also lead to social unrest and environmental damage when mismanaged - on top of the climate impact of burning the resulting fuel.

In a transaction said to be worth in excess of US\$1 billion equity value, Broad Reach Power's current owner EnCap Energy Transition and co-investors will sell on the developer's pipeline, as well as projects in operation or under construction in US markets including CAISO in California and ERCOT in Texas.
