

Serbia casso solar technologies llc

Casso Solar designs & manufactures industrial ovens & dryers used to cure, bake, and dry powder coated parts. Whether you require convection or infrared heating, or a combination of both, we provide heat treatment equipment suited to your manufacturing process.

Here at Casso-Solar Technologies, we provide the complete design and fabrication of infrared heat processing machinery customized to maximize efficiency and productivity at your company. Our infrared systems can provide everything you require for your processing needs including combination infrared/convection ovens, furnaces, conveyor systems ...

At Casso Solar Technologies, our mission is to revolutionize industrial material processing and manufacturing by equipping manufacturers with advanced infrared technology that eliminates bottlenecks, reduce energy consumption, ensures temperature precision, and adapts to diverse production demands.

Here at Casso-Solar Technologies, we provide the complete design and fabrication of infrared heat processing machinery customized to maximize efficiency and productivity at your company. Our infrared systems can provide everything you require for your processing needs including combination infrared/convection ovens, furnaces, conveyor systems,

Casso-Solar Technologies designs and manufactures infrared heat processing systems, heaters (gas infrared heaters, panel heaters, tube heaters) and ovens. Many industrial applications have used our ovens and other heat processing systems for drying or curing paint and powder.
