

Renforcer les capacit s de recherche pour permettre une int gration solaire massive de l' nergie solaire dans le mix  nerg tique de La R union   travers des activit s de jumelage avec les meilleurs centres de recherche en  nergie solaire, notamment en mettant l'accent sur le d veloppement de la pr vision et de la gestion intelligente des syst mes  nerg tiques.

Optimisez votre consommation  nerg tique avec Austral Groupe Energie, leader des installations photovolta ques   la R union,  le Maurice et Hauts de France. Revendeur exclusif Solax Power pour des solutions sur mesure.

In this exceptional part of the world, thanks to its geography, population and openness to innovation, we have deployed our expertise in solar power. Created in 2007 on Reunion Island, the Indian Ocean subsidiary today boasts a wide variety of solar farms.

Solar thermal collectors and photovoltaic (PV) systems are already widespread in La Reunion. 70% of households are equipped with solar domestic hot water and PV represented approximately 25% of the total installed capacity of electricity generation in 2022.

D couvrez avec Austral Groupe Energie des solutions haut de gamme en installations photovolta ques et isolation  cologique   la ouate de cellulose. Exclusif revendeur Solax Power, nous offrons des services sur mesure   la R union,   l' le Maurice et en France m tropolitaine.

EDF Renewables built and operates three solar power plants on the island of Reunion: Saint-Pierre (4 MWp) and Sainte-Rose (10.5 MWp) commissioned in 2009, and now Rivi re des Galets (4.6 MWp), just inaugurated.

These last years, with the new law on energy transition and a local multi-annual programming on energy, Reunion Island is being pushed towards an ambitious goal: to increase its share of renewables to 50% in its electricity production by 2020 and to 100% in 2030. The evolution of the energy mix of this overseas region is already noticeable.

Pr sentation de CONCEPT ENERGY. Concept Energy est sp cialiste du photovolta que sur l' le de la R union. La soci t  est sp cialis e, depuis sa cr ation, dans la vente et l'installation de centrales photovolta ques entre 15 et ...

Solar thermal collectors and photovoltaic (PV) systems are already widespread in La Reunion. 70% of

Solar corp energy RÃ©union

households are equipped with solar domestic hot water and PV represented approximately 25% of the total installed capacity of electricity ...

Reunion's mission is to accelerate investment into renewable energy. We are building a marketplace to connect buyers and sellers of renewable energy tax credits to easily raise money for wind, solar, and battery storage projects. Project developers can easily access pools of capital from high quality corporate investors for their project portfolios.

Bridging the research gaps on solar energy to accelerate the energy transition in La Reunion Focusing on solar forecasting and smart management of energy systems, ... Stay informed of the latest news and events related to our TwInSolar project and solar energy in La Reunion.

At Soleil Energy Corp., we are your dedicated partner in harnessing the boundless energy of the sun to power your homes and businesses. Based in Crofton, MD, with over two decades of expertise in solar installations, we have been shaping a greener and more sustainable future for the community we proudly serve.
