

# Solar energy companies in us Guam

Why choose generation renewable - Guam?

I am extremely pleased with my solar system from Generation Renewable - Guam. I was paying more than \$400.00 for power to GPA before getting a solar system from Generation Renewable - Guam... I was never really able to save money on power until I got a solar energy system from Generation Renewable - Guam...

Does Guam have plans for a solar farm?

Guam has announced plans for several large solar farms. The island has adopted a renewables policy that requires the reduction of fossil fuel consumption by 2020 to 20% less than the rate in 2010. Another requirement is for 5% of electricity in 2015 to be from renewables, increasing to 25% by 2035. A net metering program began in 2009.

What is the Guam Energy Office?

The Guam Energy Office provides energy efficient technical assistance to consumers and businesses, aiding them in implementing cost-effective energy efficiency actions. It also offers policy and input analysis, as mentioned in the passage.

What kind of inverter does gosolar use?

GoSolar uses high efficiency low cost \$/watt micro-inverters by NEP(TM). Founded in 2010 in Silicon Valley California, NEP(TM) engineers and produces competitively priced high-quality micro inverters. In fact, the NEP(TM) micro inverter is the only certified and commercially available micro inverter in Japan.
