

With DanSolar, you get a strong and highly experienced solar cell supplier. In principle, anyone can buy and sell solar panels, but only a few can configure systems like DanSolar and offer turnkey contracts in connection with the design, setup, assembly and installation of both ordinary systems and solar parks.

Omformeren har en meget vigtig funktion, f. eks. Skygge byrden er dette punkt meget relevant. Kraften i solpaneler bestemmes af det svageste led i en serie, eller solpanel med skygge. Dette er at fange: ved en separat (String) eller ved at v#230;lge Power Optimizers.
