

Solar power group purchase

How long will a UK solar power contract last?

Contract starts 2025 and will run for more than 10 years. RWE, the UK's leading power producer, has signed its first UK Solar Power Purchase Agreement (PPA) to provide clean electricity for over 10 years to the UK subsidiary of the global taste and nutrition giant Kerry Group.

What is the solar group buying scheme?

It is a group-buying scheme, which brings households across London together to get high-quality solar panels at a competitive price. If you already have solar panels installed, you can still benefit from the scheme by registering to have battery storage added to your existing solar panels.

What are the benefits of a solar group purchase?

Via the group purchase of solar panels, you also benefit from a 25-year power output guarantee. This means that your solar panels must deliver at least 90% in the first 10 years and 80% in the 15 years thereafter. With a complete Solar Together package, you will save ample time, money, and stress.

Who will source clean electricity from RWE's first UK solar projects?

Global multi-national Kerry Group will source clean electricity from RWE's first UK solar projects. Contract starts 2025 and will run for more than 10 years.
