Should you buy a Jackery 3000 Pro solar generator?

If you love being outdoors but want to take along some of the conveniences of home, the Jackery 3000 Pro solar generator is perfect for a weekend in the woods. For those in areas prone to power outages or who have a loved one requiring electrical medical equipment, the Jackery Pro offers reliability and peace of mind.

How many items can a Jackery solar generator power?

The Jackery solar generator 3000 Pro is fast-charging and provides ample plugs and ports to power up to 10 items--an impressive output for such a small appliance. Keeping the station charged is fast and easy thanks to AC,DC,and solar options.

How many solarsaga panels can you connect to a Jackery power station?

You can connect up to six SolarSaga panels,which Jackery says cuts charge time to under 3 hours. The panels also have an IP67 waterproof rating that protects them in harsh weather,though you'll still need to keep the Jackery portable power station itself tucked somewhere safe.

How many outlets does a Jackery solar panel have?

It has 10 outputs,including five 120-volt (V) AC outlets (four 20-amp max and one 25-amp max),one 12V DC port,two USB-C ports,and two USB-A ports. Jackery is an award-winning company and the developer of the world's first portable folding solar panels.

How many Watts Does a Jackery portable generator have?

With 10 ports and the ability to supply 3,000 wattsof electricity,this portable generator has enough juice for a family camping trip or use during an emergency. It includes two of Jackery's foldable 200-watt SolarSaga panels for solar recharging alongside AC and DC options for ample power supply.

How long is a Jackery solar panel?

The SolarSaga 100 Prime Solar Panel is 21.7 inches long,38.8 inches wide,and 1.1 inches high. The warranty period for Jackery power products is 36 months,plus an additional 24 months if you register the product. This warranty begins on the date of purchase by the original consumer.
