SKELEC and Leclanché have already entered into a 20-year Power Purchase Agreement (PPA) which ensures the system will supply essential power capacity for St. Kitts for many years to come. Leclanché has established a St. Kitts special purpose vehicle (SPV) along with local partner Solrid, to fund, own and operate the facility.

My goal is to build a green economy by pursuing public-private partnerships (PPPs) to attract investments in factories to manufacture solar panels and other parts for the solar PV industry. These are expected to create high-paying, green jobs for our citizens.
