

Sterling planb energy solutions Bonaire Sint Eustatius and Saba

Now called Shift, the company formerly known as Sterling PlanB Energy Solutions (SPBES) held a news conference in London to announce the expansion of its markets beyond marine industries and to launch a one-of-a-kind, new pay-as-you-go energy supply service called PwrSwäp.

The government makes 33.6 million euros available for an accelerated switch to sustainable electricity in Bonaire, St. Eustatius and Saba. This means within 3 years, an average of about 80 percent of the electricity on the three islands will ...

Late last week, the good news was received that the project proposals of Bonaire, Sint-Eustatius and Saba were honoured. They are the only islands in the Caribbean whose proposals made it through the selection.

Shift pays for the transition of marine vessels to be electrified using clean energy. We believe so completely in our products, the PwrSwäp solution, and the climate action imperative, that we make the upfront investment, so you don't have to.

The government is making 33.6 million euros available for an accelerated switch to sustainable electricity in Bonaire, St. Eustatius and Saba. This means that within 3 years, an ...

Unlike previous solutions, customers no longer have to own expensive batteries, carry out maintenance or spend time building the charging stations and renewable power production facilities. Instead, the assets are owned by Shift and the energy is sold to subscribers of the PwrSwäp service.

Bonaire, Saba, and Sint Eustatius are already qualified for funding from the SDE, National Growth Fund, and Caribbean Netherlands, as well as a guarantee program. Solutions that are specifically designed for these islands are offered to increase access to the guarantee and subsidy programs.
