Bifacial solar cell, symmetrical design, low risk of micro-crack High Efficiency Leading module efficiency in industry, up to 22.8% Key Features Extensive Application Scenes More extensive application scenes, such as BIPV, snow field, vertical installation, high humidity, strong wind and desert region IEC 61215, IEC 61730

The DAS-DH108NA 425W BP module is suitable for a wide range of scenarios, including building-integrated photovoltaic systems, snow-covered fields, vertical installations, high humidity and wind areas, and desert regions. Trust DAS Solar for all your solar energy needs.

As a leader in N-type photovoltaic technology, DAS Solar offers a range of core products, including N-type and lightweight modules, alongside an array of system solutions for a wide range of applications. DAS Solar places high priority on social responsibility and is SA8000 certified by TUV Nord, a quality mark that is recognised worldwide.

Specializing in the R& D, manufacturing, and marketing of N-Type high-performance PV cells, modules, and system applications, as well as the investment, construction, and operation of power plants, DAS Solar Co., Ltd. has strived to be an integrated service provider of PV new energy system solutions for various and diversified applications.

Het DAS Solar 425Wp Full Black Glas-Glas zonnepaneel biedt uitstekende prestaties voor wie op zoek is naar hoogwaardige zonne-energieoplossingen. Het bi-facial N-Type zonnepaneel is volledig zwart. Met een vermogen van 425 Wattpiek en een vermogensgarantie van 25 jaar ben je verzekerd van langdurige en consistente prestaties gedurende de ...

As a leader in N-type photovoltaic technology, DAS Solar offers a range of core products, including N-type and lightweight modules, alongside an array of system solutions for a wide range of applications. DAS Solar places high priority on ...

Experience the power of renewable energy with the DAS-DH108NA 425W (BLACK PRO) solar module from DAS Solar, offering an exceptional nominal power of 425 watts for optimized solar utilization. Featuring an efficiency rating of 21.76%, this solar module will help you to enhance the conversion of sunlight into usable electricity, maximizing energy ...

Bifacial solar cell, symmetrical design, low risk of micro-crack; 25 years materials warranty, 30 years power warranty; Bifaciality is up to 80%, up to 30% more energy yield than conventional modules; Higher power

Svalbard and Jan Mayen das solar 425w

output under low irradiance environments like on cloudy or foggy days

DAS Solar 425 Wp Black Frame Glas-Glas heeft de onderstaande kenmerken: Hoge opbrengst: toonaangevende module-efficiëntie in de industrie, tot 22,3% Uitstekende prestaties, zeer laag risico op microscheurtjes.

???????(?: Svalbard og Jan Mayen,ISO 3166-1 ??????:SJ,ISO 3166-1 ??????:SJM,ISO 3166-1 ??????:744)?????????????,??? ...
