

SYL has focused on lithium batteries for 16 years, with an annual production capacity of 8GWh+, and has more than 200 senior battery technology R& D and system integration engineering employees on board. SYL is devoted to being one of the world's leading suppliers for "Energy Storage+" smart energy systems.

SYL(Ningbo) Battery Co., Ltd. is a subsidiary of the Risen Energy Group. Focusing on li-ion battery energy storage for more than ten years, the company is committed to become the world's leading full-application energy storage system solutions provider, with annual production capacity of 15GWh+.

The 1500V high-voltage energy storage battery system developed by SYL independently is the first 280Ah battery system that passed the UL 9540A test in China. with it's advantages of energy storage battery technology, SYL is capable of Offering BESS solutions for Renewable Energy Smoothing, Peak Shaving, Frequency Regulation,

Risen SYL has announced that it has received UL 9540A:2019 certification from TÜV Rheinland following thermal runaway fire propagation safety testing on the company's liquid-cooled battery module and cluster in its US laboratory.

syl (ningbo) battery co., ltd. (hereinafter referred to as "SYL") and SMA Solar Technology AG (hereinafter referred to as "SMA") officially signed a 1GW global strategic cooperation agreement.

SYL Battery, a subsidiary of Chinese solar product provider Risen Energy recently has signed a 1 GW global strategic cooperation agreement with SMA Solar Technology AG. The two sides will conduct extensive cooperation on commercial and ground-based energy storage power station projects around the world.

The 1500V high-voltage energy storage battery system developed by SYL independently is the first 280Ah battery system that passed the UL 9540A test in China. With its advantages of energy storage battery technology, SYL is capable of offering BESS solutions for Renewable Energy Smoothing, Peak Shaving, Frequency Regulation, Microgrid, Backup ...
